

Feel The Difference

finch

Your outdoor room is a wonderful place for creative expression. Finch gives you all the flexibility you need in style and designer color choices to finish off your fifth room with the perfect flourish. Our designers assembled their favorite color palettes to give you a confident running start on your color choices.

Finch is as American as it gets. Finch furniture is built in Lancaster County, Pennsylvania, by descendants of colonial American immigrants from Europe. The deep-rooted agricultural and religious values that built America are still the creed guiding Finch today.

While recycling may not have been a buzz word in the seventeen hundreds, the concept was fully employed as our ancestors used and reused the few resources they had. Today, common sense stewardship of the earth's resources still dictates that we should make the most of what we have. All the lumber used in Finch furniture is made from recycled plastics. Manufacturing waste is also recycled.

Finch products are the result of a relentless pursuit of excellence in outdoor furniture since 2003. Our strong warranty is our expression of confidence in your long-term satisfaction.

Why *finch* Flies High...

Mortis & Tenon Joinery

Mortis and tenon joints have been long respected in the fine furniture industry. The tradition continues in Finch furniture.

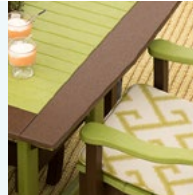

Minimal Face Screws

All seating surfaces are free of unsightly and uncomfortable screw heads. 95% of screw heads are hidden on the underside or back of the piece.

Profiled Edges

All face edges are smoothly profiled for comfort and tasteful appearance.

Color Combinations

Custom color combinations are a cinch with Finch. Order your favorite sports team colors, match your home's exterior or coordinate with your garden theme.

Aluminum Frame Reinforcement

Unique floating frame design allows normal expansion and contraction needed for poly lumber.

Stainless Steel Fasteners

316 grade stainless steel fasteners give optimum rust resistance even in salt water exposure.

Weather Resistant

Forget decay, discoloring, and mold. Finch poly furniture is engineered to withstand the elements of all four seasons and some of the harshest elements of nature: sand, sun and salt.
